

Red Cross Day Celebrations at APS Jammu Cantt.

“Make a better place, for you and for me and for the entire human race”

... Michael Jackson

With an exponential advancement of technology and material gadgets, the world has become a cocoon. A cocoon, which looks safe but has completely intertwined the emotional aspect of people, leading to a choking state of humanity. Then there are societies that still manage to see the tiny ray of tenderness behind the dark clouds of greed and self-orientation.

Red Cross society aims to instil a spark of kindness in people all around the world. They believe that charity doesn't demand a bucket-full of donation but **it is doing what you can, where you are, with what you have.**

Army Public School, Jammu Cantt, believes in imparting the technological and smart education to students but with a framework of kindness and morals. The school, thus celebrated the Red Cross Day on 8 May 2024, with all hearts and souls. The students of Mahavir House presented a special morning assembly highlighting the importance of being kind and sensitive in life. Arshita Thakur of Class 6th made the viewers teary-eyed by enacting the traumas and struggle of a war refugee-child. The program aimed to imprint benevolence and affection as a habit, in the hearts of the students.

The thoughtful day ended with an open interaction of students with the Principal, Ms Puneet Kour. Many students came up with their courageous thoughts about the actual state of the world around and the immense need of empathy, to make the world amiable.... **To make the world a better place to live in.....to make the world a place where the race surviving has humanity still beating in their hearts.....to make the world a home for everyone.**
