

DIWALI CELEBRATION

Date: 10 Nov 2023

On the occasion of Diwali and to promote 'Green, Clean and safe Diwali' our school initiated a heartwarming initiative by organizing Diwali donation drive. The teachers and students distributed goodie bags candles, diyas and eatries to underprivileged students at Azad Nagar Chatha. The aim was to spread the joy of the festival of lights and ensure that every child, regardless of their background, could partake in the festivities and celebrates safe, green and clean Diwali.

Teachers and students collaborated to organize the distribution, reaching out to local communities and identifying students and people in need. The event was marked by a spirit of generosity, as amid of heavy rainfall students and teachers of APS Jammu Cantt reached out to them and shared the joy of Diwali. They thanked and blessed whole heartedly to the students for the kind gesture.

Our school also welcomed seven children from '10 Lives Education' who witnessed Inter house folk dance competition organized by the students of our school. They interacted with the teachers and students and also felt overwhelmed by the welcome and goodie bags received from the school.

This thoughtful gesture not only brightened the homes of the underprivileged students but also fostered a sense of community and compassion within the school.
