

STORY NARRATION ACTIVITY

An Intra Class Story Narration Activity was held on 13 October, 2023 for all the classes from I to V. All the students of each class participated in the activity. It was an engaging and imaginative event that provided students with a platform to showcase their story telling skills. This activity encouraged the children to share their creativity through spoken narratives. Participants had an opportunity to share their stories and build confidence in them. The new comers also tried to make original creations of existing tales. The activity took place in the respective classes where each participant was allotted a specific time and were assessed by their respective class teacher on the criteria of confidence, presentation, vocabulary, fluency and value. It was an interesting activity where children participated with zeal and enthusiasm.
