

ANNUAL EXHIBITION AT ARMY PUBLIC SCHOOL JAMMU CANTT

The Army Public School Jammu Cantt recently showcased the ingenuity and creativity of its students through its annual exhibition, held on the 27th and 28th of March 2024. With the motto "Create with the heart and build with the mind," the event celebrated the remarkable talents and innovative projects of the school's budding scholars.

The inauguration of the exhibition was graced by the esteemed presence of the Vice Chairman, Col. KV Mahendra, alongside the Principal, Ms. Puneet Kaur, symbolizing the school's commitment to nurturing academic excellence and creativity. Students from all academic wings enthusiastically participated, showcasing their passion and creativity across various disciplines.

The exhibition hall buzzed with activity as visitors marvelled at the diverse range of stalls and displays. Each department presented a plethora of working models, projects, and artworks, reflecting the students' dedication and skill.

The Chief Guest, in interacting with the students, commended their efforts, particularly highlighting the innovative working models related to science and technology. He applauded the students' endeavour and talent, recognizing their potential to shape the future through their ingenuity.

A highlight of the exhibition was the Art and Craft section, where parents and visitors were treated to a spectacle of creativity. From "Best out of waste" creations to intricate bottle art, paper mache, fabric paintings, glass paintings, tie -dye paper art and captivating canvas paintings, the displays showcased the students' artistic prowess and imagination.

The Mathematics department aimed to dispel the stereotype of Maths as a dull subject by presenting various interactive models and games. Under the guidance of teachers, students demonstrated mathematical concepts in engaging ways, captivating the audience with their innovative approach to learning.

Similarly, the English and Hindi Language departments captivated visitors with their innovative displays of charts, posters, and models. From covering grammar topics to showcasing writing skills, the students exhibited a remarkable blend of wit and enthusiasm in presenting their work.

The Environmental and Social Science department captivated audiences with their innovative models and displays. From vibrant representations of the solar system to educational charts on balanced diets and historical advancements, the exhibits showcased the students' understanding of complex subjects.

In the realm of science and technology, students displayed impressive working models, such as Smart Street Lights, Radar, Smart irrigation system, Air Quality

Checker, RFID door lock and Raspberry Pi Mini PCs, demonstrating their aptitude for innovation and problem-solving.

The exhibition culminated with words of appreciation from the Principal, Ms. Puneet Kaur, and the Vice Chairman KV Mahendra acknowledging the efforts of all involved. Their commendation underscored the importance of creativity and hard work in shaping the future leaders of tomorrow.
