

## **Career Counseling Session by Bansal Classes at APS Jammu Cantt**

A Career Counselling Session was organized by Bansal Classes on 18<sup>th</sup> November 2024 at APS Jammu Cantt. The session was conducted to guide students through the process of selecting the right career, considering their interests, aptitude, and long-term goals.

### **Highlights of the Session**

- The session began with an overview of the career opportunities available through the JEE and NEET pathways. Experts provided detailed information about the IITs, their academic culture, and the various branches of engineering that students can pursue after clearing the JEE.
- In the medical stream, the counsellors explained the NEET exam structure and the wide range of career options in the medical field, from MBBS to specialized branches like surgery, radiology, and psychiatry.
- A team of Bansal Classes' expert faculty members conducted a comprehensive analysis of both the JEE and NEET exams. They outlined the exam patterns, eligibility criteria, syllabus, and important dates for the upcoming exams.
- A special session was dedicated to discussing the different types of questions in JEE (Main and Advanced) and NEET, along with tips on mastering the subjects of Physics, Chemistry, and Biology for medical aspirants.
- The counsellors also provided tips on how to approach the exams in terms of time management, exam-taking strategies, and tackling difficult sections. Students were introduced to various study resources, including textbooks, reference materials, online courses, and mock tests, to aid in their preparation for JEE and NEET.
- The session featured an interactive Q&A segment where students could ask their burning questions about the JEE, NEET, and medical/engineering careers. The session also highlighted the importance of consistency in study routines and staying focused on conceptual learning rather than rote memorisation.

### **Conclusion:**

The Career Counselling Session by Bansal Classes was a valuable resource for students aspiring to pursue careers in engineering and medicine. The session provided them with practical tips and study strategies and helped them understand the realities of competitive exam preparation.
