

Speaking 'right', Speaking 'bold'- Interhouse Debate Competition

Exchange of right ideas and appropriate arguments in pursuit of truth, through rigorous debates, have always been a need of the hour. Setting aside the feeble ways but taking the path of an eye-to-eye argument is smart as well as courageous.

Army Public School ,Jammu Cantt, organised an Interhouse English Debate Competition on 6th May 2024. All the determined houses enthusiastically participated, to put forward their views.

It is well known that humans have been communicating with each other, since times immemorial.. but the coin flipped and pages turned after the enormous wave of social media. As this invasion of mass media is seen delving deep into our lives, it was a need to discuss it thoroughly keeping in mind the pros and cons of this development.

The students of APS, Jammu Cantt took the initiative to interact and discuss this topic on a debate platform, with a broader perspective. As it is well said by Linus Pauling “ The best way to have a good idea is to have a lot of ideas”. Participants outshined with their fresh and concrete arguments. Shaurya house dominated the entire discussion and bagged the first position followed by Ashoka and Paramvir house in the game. Ms. Rudranka was declared as the best interjector with her brain storming questions, that made the speakers ponder deep and hard.

The event was concluded with distribution of prizes and acceptance of new ideas. The motive was achieved when learners were seen grasping the uncontaminated and varied suggestions , plans and proposals from each other.
